NEW SYSTEM: AN UPDATE

We are proud to say we have been receiving excellent feedback from our recent conversion! Our members have been thrilled that money becomes available right away, and we have even received compliments on our new receipts. However with every rainbow there's always a little rain. Please verify your direct deposits are going to the correct account, as well as making sure your automatic payments are working properly. Some addresses reverted back to old address, too, so please check that we have your correct address on your account. Thank you so much for your patience and cooperation, that's why we always say we have the best members!

NIGHT DROP

Please fill out a deposit slip when you bring us something in the night deposit box, it can get confusing when we don't have an account number or a name. Deposit slips and envelopes are located on the side of the building just past the drive-up window. Just as a reminder:

1. Fill out a deposit slip, complete with your name and total of cash or checks. Please fill out when you would like the funds to be deposited.
2. Place the funds along with deposit slip into an envelope
3. Seal the envelope
4. Push envelope into the gold box located on the side of the building

Thank you so much, it's the little things that help the most!
